EDUCATION

University of California, Santa Cruz – Santa Cruz, CA

Sept. 2023 - Mar. 2026

Business Management Economics B.A.

- GPA: 3.59
- Relevant Coursework: Economics of Accounting, Intermediate Microeconomics, Managerial Cost Accounting, Econometrics, Marketing, Personal Finance, Security Markets, Managerial Economics, Economic Rhetoric
- Dean's Honors List (Spring 2024, Spring 2025)

WORK EXPERIENCE

Vocational Visions – Mission Viejo, CA

Jul. 2026 - Present

Marketing and Development Intern

- Organized years of donor and fundraising records into a centralized database, improving data accuracy, accessibility, and efficiency for the team.
- Used **DonorPerfect CRM and Constant Contact** to maintain donor records and support targeted email and direct-mail marketing campaigns.
- Created promotional videos and captured content at community events to help promote Vocational Visions programs and nonprofit initiatives.
- Supported fundraising campaigns and community events through digital outreach, promotional materials, and in-person engagement.
- Prepared and distributed donor outreach materials using **Canva**, supporting content creation for community events and fundraising campaigns.

PIE Dev Studios – Remote

Jun. 2025 - Aug. 2026

Marketing Intern

- Conducted market and competitor research to support marketing decisions and pre-launch planning.
- Researched ways to increase community engagement and build interest ahead of the game's release.
- Worked with developers and the marketing team in weekly meetings to discuss progress, marketing ideas, and launch goals.
- Created Instagram marketing content from studio blog posts using **Photoshop and Photopea**.
- Participated in user feedback sessions and shared feedback to help improve gameplay and the overall player experience.

INDEPENDENT PROJECTS

Healthcare Systems Efficiency & Equity Analysis

Sept. 2025 - Dec. 2025

Project Lead

- Conducted qualitative and quantitative research on U.S. healthcare systems, analyzing efficiency, cost management, and equitable access to care.
- Compared public and private healthcare models and evaluated industry trends to identify opportunities for improved patient outcomes and system performance.
- Synthesized complex research findings into evidence-based recommendations through a professional report and 15-minute presentation.
- Applied data analysis, critical thinking, and problem-solving to evaluate healthcare resource allocation, accessibility, and organizational decision-making.

Nike Sports Nutrition Market Strategy

Nov. 2025 - Dec. 2025

Team Leader & Coordinator

- Developed a detailed market entry strategy proposing Nike's expansion into the sports nutrition industry, focusing on performance-focused consumers as well as college and professional athletes.
- Conducted market research and competitive analysis to get an overview of industry trends, market opportunities, consumer behavior, and positioning against already established supplement brands.
- Performed a SWOT analysis and identified strategic opportunities, market risks, and competitive challenges to support long-term business growth.
- Designed an integrated marketing plan including product positioning, pricing strategy, distribution channels, partnership opportunities, and customer acquisition initiatives.
- Developed measurable business objectives, revenue projections, implementation timelines, and key performance indicators to evaluate marketing effectiveness.
- Presented data-driven recommendations through presentations, applying strategic planning and business communication skills to support a mock product launch.

Saint Dymphna Memorial

Jan. 2022 – Jan. 2023

Project Lead & Designer

- Designed and planned a permanent shrine for Saint Dymphna, the Saint of Mental Health, providing a dedicated space for mental health and spiritual well-being within the church and the surrounding community.
- Secured over \$6,000 in funding through successful fundraising initiatives, allowing for the purchase of necessary materials and supplies to complete the project, as well as donating surplus funds to the church's programs.
- Directed all aspects of the project to execution, coordinating materials, church leadership, contractors, volunteers, donors, timelines, and project finances to ensure efficient, cost-effective completion
