WORK EXPERIENCE

Vocational Visions – Mission Viejo, CA

Jul. 2026 - Present

Marketing Intern

- Consolidated and organized years of donor records and fundraising data into a centralized database, improving accessibility, record accuracy, and team efficiency.
- Assisted in creating promotional videos and capturing content for community events to increase awareness of Vocational Visions programs and nonprofit initiatives.
- Supported marketing and outreach efforts by promoting fundraising campaigns and community events through digital and in-person engagement.
- Prepared and distributed donor outreach materials in support of fundraising campaigns and community partnerships.

PIE Dev Studios – Remote

Jun. 2025 - Present

Marketing Intern

- Conducted market research and competitive analysis to refine brand positioning and support pre-launch growth strategy
- Developed data-informed community engagement initiatives to build early user traction prior to product release
- Collaborated with developers and the marketing team in weekly strategy meetings to align launch goals
- Transform long-form studio blog content into high-engagement Instagram marketing visuals and posts using Photoshop and Photopea
- Contribute to product refinement by participating in structured user feedback sessions to improve gameplay quality

INDEPENDENT PROJECTS

Healthcare Systems Efficiency & Equity Analysis

Sept. 2025 - Dec. 2025

Project Lead

- Conducted in-depth research on the U.S. healthcare system, analyzing the tradeoffs between operational efficiency, cost management, and equitable access to care.
- Evaluated healthcare policies and industry trends using both qualitative and quantitative research to identify opportunities for improving patient outcomes and system performance.
- Analyzed real-world healthcare challenges by comparing public and private healthcare models, supporting evidence-based recommendations.
- Synthesized complex research findings into a professional report and 15 minute presentation, effectively communicating insights to academic audiences.
- Applied critical thinking and data analysis to healthcare resource allocation, accessibility, and long-term sustainability.
- Strengthened analytical, research, and problem-solving skills through the evaluation of healthcare systems, policy impacts, and organizational decision-making.

Nike Sports Nutrition Market Strategy

Nov. 2025 - Dec. 2025

Team Leader & Coordinator

- Developed a detailed market entry strategy proposing Nike's expansion into the sports nutrition industry, focusing on performance-focused consumers as well as college and professional athletes.
- Conducted market research and competitive analysis to get an overview of industry trends, market opportunities, consumer behavior, and positioning against already established supplement brands.
- Performed a SWOT analysis and identified strategic opportunities, market risks, and competitive challenges to support long-term business growth.
- Designed an integrated marketing plan including product positioning, pricing strategy, distribution channels, partnership opportunities, and customer acquisition initiatives.
- Developed measurable business objectives, revenue projections, implementation timelines, and key performance indicators to evaluate marketing effectiveness.
- Presented data-driven recommendations through presentations, applying strategic planning and business communication skills to support a mock product launch.

Saint Dymphna Memorial

Jan. 2022 – Jan. 2023

Project Lead & Designer

- Designed and planned a permanent shrine for Saint Dymphna, the Saint of Mental Health, providing a dedicated space for mental health and spiritual well-being within the church and the surrounding community.
- Secured over \$6,000 in funding through successful fundraising initiatives, allowing for the purchase of necessary materials and supplies to complete the project, as well as donating surplus funds to the church's programs.
- Directed all aspects of the project to execution, coordinating materials, church leadership, contractors, volunteers, donors, timelines, and project finances to ensure efficient, cost-effective completion

SKILLS

Technical Skills - Microsoft Office Suite: Word, Excel, PowerPoint, Outlook, Cost Analysis, Market Research, Supply Chain Management

Soft Skills - Communication, Leadership, Project Management, Problem Solving, Adaptability, Time Management, Report Writing
